

Sapphire International School, Noida celebrated its annual felicitation day for the session 2017-18. It was a propitious day for the students of classes VI to XI whose academic accomplishments were acknowledged. They were awarded a prize, a medal and an achievement certificate for their exceptional performance. The day also saw a ravishing performance with students tapping their feet on

an exquisite blend of kathak and contemporary dance forms. It was followed by a song on Alan Walker's number 'Faded' - a fusion in English and French.

The presence of school chairperson Jeevan Kumar Jain and board director Anjali Jain augmented their spirit of achievement. School principal Dr Snigdha Sachdeva praised the talented achievers.

Cambridge School, Greater Noida organised the Doctor's Day. A team of dental surgeons from the School of Dental Science, Sharda University visited the school and had an interactive session with the tiny tots. There was lot of curiosity in the air when the dentists took out a model of dentures to demonstrate the correct way of brushing to the little ones and had a pep talk with the young bunch about making it a lifelong habit. The importance of oral hygiene like mouthwash and gargle was also discussed as it is the time when habits are formed. The session concluded with a dental check up. The little children presented the team of doctors with Doctor's day badges as a token of thanks for 'spreading smiles.'

and playing of djembe Stoll the attention of the students. The students showcased their excitement and creativity in the craft activity after the story telling session, they all created beautiful butterflies by doing (Dot Art) with vibrant colours. They learn making different patterns, and enjoy the collaboration of creative story with craft creativity.

Kothari International School, Noida organised the Tech Fest for Grades IX and X to assist the students in exhibiting their technical prowess and creating a better tomorrow. There were three rounds in this competition. The first one was the 'Selection Round.' In this round, the house prefects selected two teams to represent their respective houses. Sixteen teams were selected in all. The tech virtuosos had four futuristic topics to choose from- Disaster Management, Bioinformatics, Healthcare and E-Waste Management. All the participants persevered to make the presentation and devise unconventional ideas for the second round, which was the 'Presentation Round.' After the second round, eight teams were shortlisted for the final event which was 'The video making contest.' The winners were determined on the basis of their confidence, presentation, and the viability of the idea they presented. The winning team was Vishwas, which showcased technological advancements in 'Bio-Informatics' (Grade X) and 'Healthcare' (Grade IX). The runner-up team was Shakti, which portrayed the significance of technology in the fields of 'E-waste management' (Grade X) and 'Disaster Management' (Grade IX). School vice principal Neerja Chathly encouraged the participants and audience with her words.
