MESSAGE FROM HOS'S DESK

Every
Child
is a
Leader
they just need wings to fly high

I am on a passionate mission to reimagine the way education is perceived and delivered in India. At the core of this transformation lies a deep commitment to ensuring that our learners are not only prepared for the future—but are inspired and empowered to shape it themselves.

My vision is to equip students with future-ready skills by integrating technology with a human-centered approach to learning. More than just tools and techniques, it's about nurturing empathy, resilience, responsibility, and a passion for excellence in every child.

Together, let's create learning experiences that are immersive, joyful, and meaningful—through exploration, collaboration, and innovation. From hands-on projects to age-appropriate challenges, every initiative will aim to spark curiosity and unlock potential.

As we move ahead, I look forward to curating diverse opportunities that encourage learners to think critically, act ethically, and grow holistically. Here's to building a learning community that inspires, connects, and truly empowers.

*Warm Regards,
Saurabh Sehgal*

MESSAGE FROM VICE PRINCIPAL'S DESK

As we bid farewell to the dynamic month of August, I feel immense pride in reflecting on the vibrant spirit that echoed through the halls of Sapphire International School. July was a month of growth, discovery, and renewed purpose—a beautiful blend of learning, leadership, and compassion that truly reflects our school's ethos.

From thought-provoking assemblies and interactive classroom experiences to meaningful initiatives that nurtured both minds and hearts, July brought out the best in our learners. It was inspiring to see students step up with confidence, collaborate with empathy, and engage deeply in both academic and co-curricular pursuits.

Our Scholar's Circle continued to spark curiosity and dialogue, while hands-on projects and outdoor experiences encouraged students to connect learning with the world around them. Whether through creative expression or acts of social responsibility, our students demonstrated what it means to be thoughtful, informed, and engaged individuals

*Warm Regards,
Divya Kapoor*
