SAPPHIRE INTERNATIONAL SCHOOL

(Under the Aegis of Gyan Shakti Education Welfare Trust)

Cultural Committee

The Cultural Committee of our school organizes religious offerings, cultural performances, and activities for festivals and other significant occasions to maintain multicultural harmony.

According to the committee, a school should combine demanding academic requirements with an equivalent quantity of entertainment and activities. By providing the children with a platform to display their hidden talents, whether they are musicians, actors, dancers, authors, painters, or photographers, we hope to capture their bright personalities. The committee oversees the students' comfort while they are on campus.

'Culture makes people understand each other better.'

Members of the committee
